**Meter Readings:**

Meters are read on the last day of each quarter except on December 31st, when an estimate is made. Note that we read the actual meter and not the digital remote readout, which is connected to the meter by a wire. There is excellent drainage at Spirit Lake East. Water drains rapidly. When you are running water, it can be misleading as the water does not collect on the surface. A standard  $\frac{3}{4}$  inch garden hose of 100' length will flow 1,000 gallons in one hour at Spirit Lake East.
